Home Visiting Applied Research Collaborative

Examples of
Precision
Home Visiting

What is Precision Home Visiting?

Services for the “average family”

What works for whom?

What is Precision Home Visiting?

- Differentiates what works and for whom
- Focuses on active ingredients
- Examines meaningful subgroups
- Tests how we get from active ingredients to outcomes

Achieving PHV through four guidelines

Focus on
active
ingredients

Define &
measure
explicitly

Testing
efficiently using
new research
designs

Value of Stakeholder Engagement for PHV Research

Strengthen relevance, efficiency, effectiveness AND VIABILITY

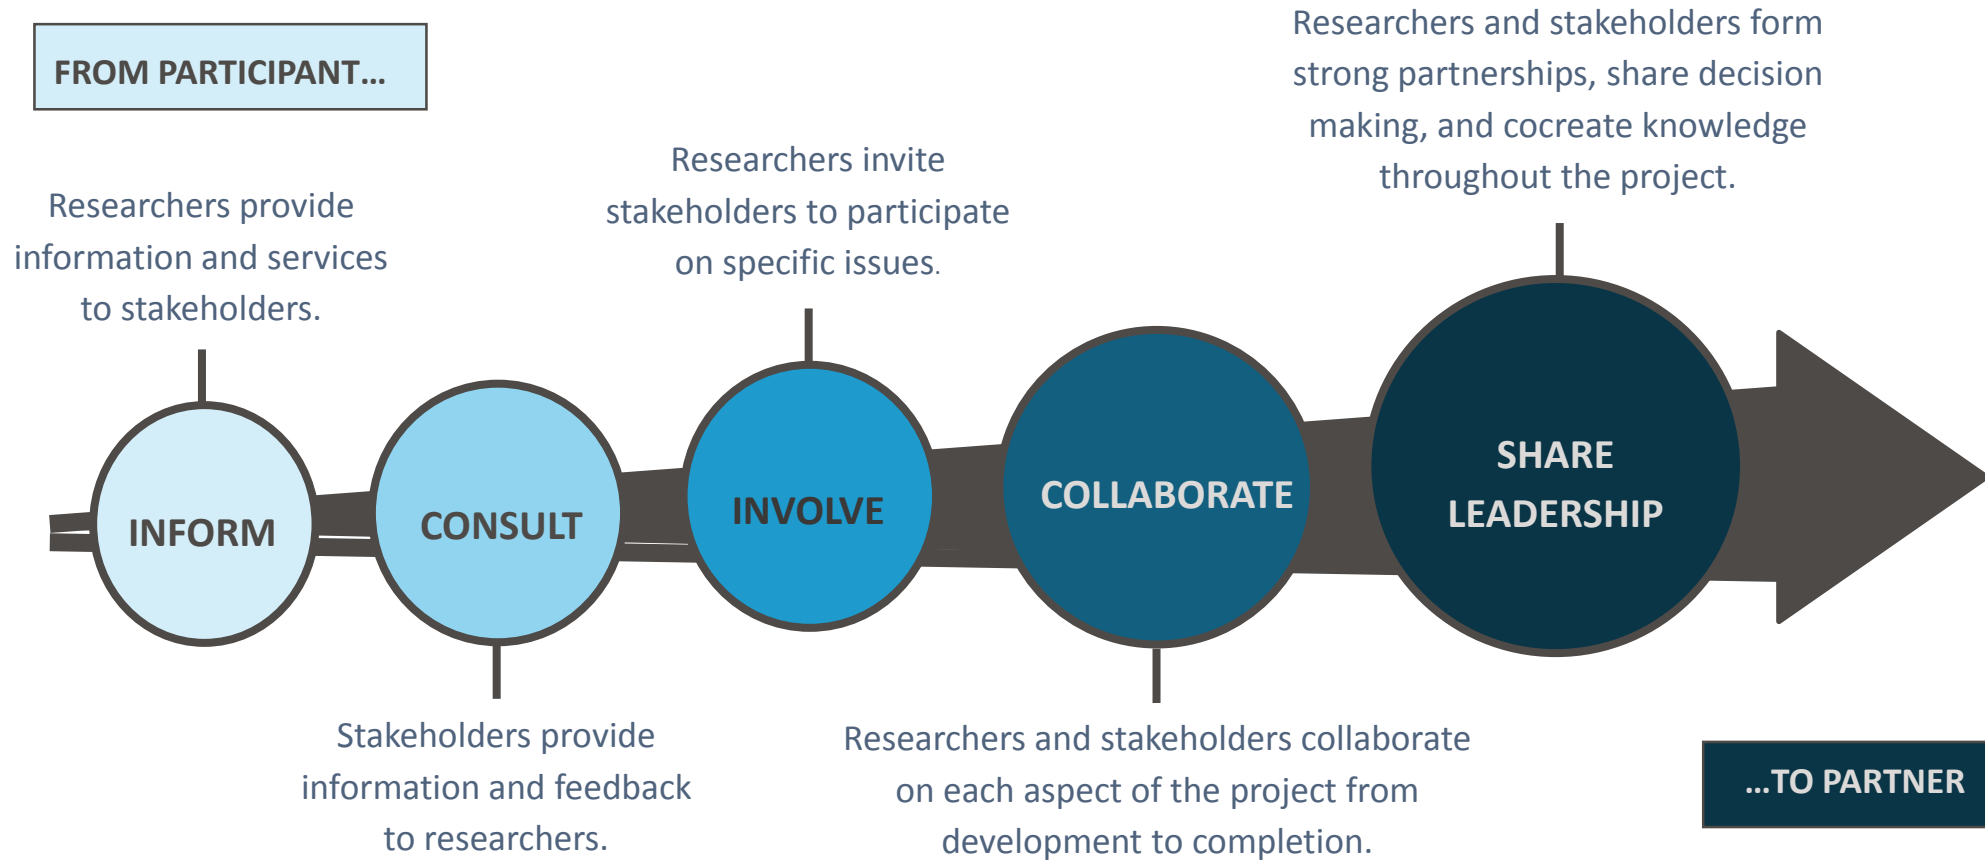

- Ensure projects are culturally and logistically appropriate
- Increase study participation
- Enable diverse teams to navigate conflict
- Improve stakeholders' technical skills
- Strengthen the quality of project outputs and outcomes
- Promote sustainability beyond initial funding periods
- Generate new projects and system change

POLL SLIDE HERE

Which stakeholder group do you represent?

- Researcher
- Provider
- Funder/Payer
- Policymaker
- Model Developer
- Participant/Family
- Other

Stakeholder Engagement Continuum

POLL SLIDE HERE

Most of the research I have been involved in...

- has not engaged stakeholders beyond their specific roles
- has sought some feedback from stakeholders but in very limited ways
- has made effort to involve or collaborate in more active roles
- involved stakeholders as partners or co-creators from the beginning
- Huh?

Robert Ammerman
Emily Haroz
Patti Manz

Our Presenters

How are
the services
targeted?

What stakeholders
do they engage?

How do they
engage them?

How close are we
to identifying
active
ingredients?
